QUESTION 6 (10 M)

Starbucks Debuts Nitro Cold Brew in India

Leading global innovation in coffee for over four decades, Starbucks introduces a new generation of coffee in India with Nitro Cold Brew on tap. Using the highest quality coffee beans, the Nitro Cold Brew unfolds an irresistible coffee experience where time meets texture. With each cup 48 hours in the making, the Nitro Cold Brew is a super smooth, naturally sweet coffee that cascades from the tap with a velvety, creamy texture which customers can see and taste.

Nitro Cold Brew marks Starbucks next chapter of coffee innovation offering customers an elevated coffee experience through its newest take on its signature Cold Brew. In today's fast paced world where everything is instant and on demand, Starbucks Nitro Cold Brew allows customers to enjoy small batch, slow steeped coffee like they've never tasted it before. After handcrafting the Cold Brew recipe, baristas perfect the pour by pulling the tap and allowing the Cold Brew coffee to mix with nitrogen to deliver an entirely new cold coffee experience. Nitro Cold Brew is cold right out of the tap and served unsweetened without ice. Tata Starbucks marketing, category and digital head Veetika Deoras said: "At Starbucks, innovation is always brewing. Starbucks Nitro Cold Brew is currently available in Mumbai, Bangalore, Delhi, Noida, and Kolkata.

Using the Theory of Diffusion of Innovations - identify the different marketing strategies that can be employed by Starbucks to appeal to the different adopter categories.
