Somaiya School of Humanities and Social Science

QUESTION PAPERS

BRANCH: Bachelor of Science (Economics)	SEM: III
	OCT-2023

Sr. No.	Subject	Available
1.	Wealth Management	
2.	131U01G101 – Economics of Demography	
3.	231U31I104 – Statistical Methods	
4.	131U01K301 – Basics of Capital Market	
5.	131U01C301 – Development of Economics	
6.	131U01C305 – Money & Banking (A)	
7.	131U01C305 – Money & Banking (B)	
8.		
9.		
10.

SOMAIYA
VIDYAVIHAR UNIVERSITY

Semester (July 2023 to October 2023)			
Examination: End Semester Examination October/November 2023 (UG Programmes)			
Programme code:		Class: SY	Semester: III
Programme: BSC Economics			
Name of the Constituent College: S. K. Somaiya college.		Name of the Department Economics	
Course Code:		Name of the Course: Wealth Management	
Duration : 2 Hrs.		Maximum Marks : 60	
Instructions: 1)Draw neat diagrams 2)Assume suitable data if necessary 3) Use of Calculator is allowed.			

Question No.		Max. Marks	Co Attainment																
Q.1	Attempt any one set of the following questions (A, B OR C, D)																		
A	What is the potential growth of the wealth management industry?	8	1																
B	What are the various methods that we use to measure the risk?	7	2																
	OR																		
C	Write a short note on the Wealth management in India.	8	1																
D	Define the criteria for evaluating different investment alternatives.	7	2																
Q.2	Attempt any one set of the following questions (A, B OR C, D)																		
A	Find out the standard deviation from the following table:	8	2																
	<table><tr><td>Possible Outcome</td><td>Rate of interest</td><td>Expected returns</td><td>Probability</td></tr><tr><td>20</td><td>5</td><td>7.25</td><td>0.25</td></tr><tr><td>30</td><td>7</td><td>7.25</td><td>0.25</td></tr><tr><td>40</td><td>10</td><td>7.25</td><td>0.50</td></tr></table>	Possible Outcome	Rate of interest	Expected returns	Probability	20	5	7.25	0.25	30	7	7.25	0.25	40	10	7.25	0.50		
Possible Outcome	Rate of interest	Expected returns	Probability																
20	5	7.25	0.25																
30	7	7.25	0.25																
40	10	7.25	0.50																
B	Explain the fundamental difference between future and option contract with their key characteristics.	7	3																
	OR																		
C	What do you understand by the Equity market and what are the key advantages of investing in equities as compared to other asset classes?	8	3																
D	Calculate 3 year moving average and also draw the trend line.	7	2																
	<table><tr><td>Year</td><td>Exports (in million)</td></tr><tr><td>2000</td><td>54</td></tr></table>	Year	Exports (in million)	2000	54														
Year	Exports (in million)																		
2000	54																		

	2001 56 2002 58 2003 50 2004 52 2005 48 2006 49 2007 44 2008 51 2009 55																						
Q.3	Attempt any one set of the following questions (A, B OR C, D)																						
A	Define commodities and explain the key characteristics of commodities as an asset class.	8	3																				
B	Explain the different types of mutual fund and what are the key characteristics of it?	7	4																				
	OR																						
C	What is covariance between the returns on stock A and B: <table border="1"><tr><th>State of nature</th><th>Probability</th><th>Returns on stock A in%</th><th>Returns on stock B in%</th></tr><tr><td>1</td><td>0.10</td><td>5</td><td>0</td></tr><tr><td>2</td><td>0.30</td><td>10</td><td>8</td></tr><tr><td>3</td><td>0.50</td><td>15</td><td>18</td></tr><tr><td>4</td><td>0.10</td><td>20</td><td>26</td></tr></table>	State of nature	Probability	Returns on stock A in%	Returns on stock B in%	1	0.10	5	0	2	0.30	10	8	3	0.50	15	18	4	0.10	20	26	8	4
State of nature	Probability	Returns on stock A in%	Returns on stock B in%																				
1	0.10	5	0																				
2	0.30	10	8																				
3	0.50	15	18																				
4	0.10	20	26																				
D	The returns of ABC Ltd. And market returns are given as follows: <table><tr><th>Year</th><th>Returns on ABC Ltd. %</th><th>Returns on market portfolio %</th></tr><tr><td>1</td><td>15</td><td>12</td></tr><tr><td>2</td><td>-6</td><td>1</td></tr><tr><td>3</td><td>18</td><td>14</td></tr><tr><td>4</td><td>30</td><td>24</td></tr><tr><td>5</td><td>12</td><td>16</td></tr></table>	Year	Returns on ABC Ltd. %	Returns on market portfolio %	1	15	12	2	-6	1	3	18	14	4	30	24	5	12	16	7	4		
Year	Returns on ABC Ltd. %	Returns on market portfolio %																					
1	15	12																					
2	-6	1																					
3	18	14																					
4	30	24																					
5	12	16																					

6	25	30
7	2	-3
8	20	24
9	18	15
10	24	22
11	8	12

Calculate Beta for the stock ABC Ltd.

Q.4
A

Answer in detail. (Any 3)
Calculate the Price weighted index, Equal weighted index and value weighted index from the given information:

Shares	Price in base year	Price in year t	Number of outstanding shares
A	120	160	10
B	180	150	5
C	350	600	6
D	200	300	40
E	150	100	30

5

2

B

Suppose we have 2 investments in our portfolio:

Investment A: 1,50,000 with 5% expected returns

Investment B: 4,00,00 with 10% expected returns

What is the expected return of portfolio:

5

4

C

Calculate 4 year moving average and plot a trend line:

Year	Exports (in million)
2008	115
2009	150
2010	145
2011	195
2012	290
2013	380

5

2

	2014	330		
	2015	400		
D	Explain life cycle of an individual.		5	2
E	Elaborate on Harry Markowitz portfolio theory.		5	2

SOMAIYA
VIDYAVIHAR UNIVERSITY

Semester (July 2023 to October 2023)

Examination: End Semester Examination October/November 2023 (UG Programmes)

Programme code: 30

Programme: BSc in Economics

Class: SYBSC

Semester: III

Name of the Constituent College: S K Somaiya College

Name of the Department: Economics.

Course Code: 131U01G101

Name of the Course: Economics of Demography

Duration: 2 Hrs.

Maximum Marks: 60

Instructions: 1) Draw neat diagrams 2) Assume suitable data if necessary.

Question	Attempt the following questions	Max. Marks	Co Attainment
Q.1	A) Discuss the importance of Demography studies. B) Explain difficulties in sample registration system. OR C) Discuss size and population growth of India. D) Explain various reasons for high birth rate	8 7 8 7	CO 1
Q.2	A) Discuss the concept of Age and Sex structure in India. B) Explain various causes of urbanization growth in India. OR C) Explain dynamics of population change. D) Explain Arthur Lewis theory of economic developments.	8 7 8 7	CO 2
Q.3	A) Explain the importance of population projections. B) Discuss population policy 2000. OR C) What were the trends of population growth of India from 1971 to 2011. D) Discuss slowdown in population growth and positive effects on the economy.	8 7 8 7	CO 3
Q.4	Explain following concepts (Any 3)	15	CO 4
A	Importance of Census.		
B	Demographic year books.		
C	Literacy rate in India.		
D	Work force in India.		
E	Causes of migration.		

SOMAIYA
VIDYAVIHAR UNIVERSITY

Semester (July 2023 to October 2023)		
Examination: End Semester Examination October/November 2023 (UG Programmes)		
Programme code: Programme: FY B.SC (ECONOMICS)	Class: FY	Semester: III
Name of the Constituent College: S.K Somaiya College	Name of the Department : Economics	
Course Code:231U31I104	Name of the Course: Statistical Methods	
Duration : 2 Hrs.	Maximum Marks : 60	
Instructions: 1)Draw neat diagrams 2)Assume suitable data if necessary		

Question No.	Answer the following	Max. Marks	Co Attainment																
Q. 1	[A] Find Standard deviation	(7)	Co 1																
	<table><tr><th>Age in Years</th><th>No. of Persons</th></tr><tr><td>0-10</td><td>3</td></tr><tr><td>10-20</td><td>7</td></tr><tr><td>20-30</td><td>12</td></tr><tr><td>30-40</td><td>10</td></tr><tr><td>40-50</td><td>4</td></tr><tr><td>50-60</td><td>2</td></tr></table>			Age in Years	No. of Persons	0-10	3	10-20	7	20-30	12	30-40	10	40-50	4	50-60	2		
	Age in Years			No. of Persons															
	0-10			3															
	10-20			7															
	20-30			12															
30-40	10																		
40-50	4																		
50-60	2																		
[B] If X is a random variable with probability mass function $P(X=x)= kx \quad ;x=0,1,2,3,4$ Find the value of k, mean ,variance OR	(8)	Co 1																	
[C] Derive the Relationship between raw and central moment	(7)	Co 2																	
[D] If bivariate probability mass function is given by $P_{xy}(X,Y)=K(2X+Y) \quad :X,Y=2,3,4$ Obtain value of k. Also obtain marginal p.m.f of x and y and conditional p.m.f of x given y=2	(8)	Co 2																	
Q.2	[A] Compute Karl-Pearsons coefficient of skewness for the following data 43,48,38,46,50,48,47,48,62,48	(7)	Co 3																
	[B] Calculate Four Central Moments	(8)	Co 3																
	<table><tr><th>X-values</th><th>Frequency</th></tr><tr><td>11</td><td>2</td></tr><tr><td>12</td><td>9</td></tr><tr><td>13</td><td>25</td></tr><tr><td>14</td><td>35</td></tr><tr><td>15</td><td>20</td></tr><tr><td>16</td><td>8</td></tr><tr><td>17</td><td>1</td></tr></table>			X-values	Frequency	11	2	12	9	13	25	14	35	15	20	16	8	17	1
	X-values			Frequency															
	11			2															
12	9																		
13	25																		
14	35																		
15	20																		
16	8																		
17	1																		
OR																			
[C] Calculate Bowleys coefficient of Skewness for following data	(7)	Co 3																	
	<table><tr><th>Age (years)</th><th>Frequency</th></tr><tr><td>10-20</td><td>1</td></tr><tr><td>20-30</td><td>20</td></tr></table>	Age (years)	Frequency	10-20	1	20-30	20

67	75																				
	OR																				
	[C] Given the two regression equation as $4x-y-23=0$ and $3x-2y+4=0$ Find i) the coefficient of correlation ii) the mean values of x and y	(7)	Co 4																		
	[D] From the following data. Find the regression equation and further estimate y when x=16 and x when y=18	(8)	Co 4																		
Q.4)	Solve any 3 following	(15)																			
	[A] the Probability of wining, Neil plays 5 games . find probability that he wins i) at least 3 games ii) 2 games		Co 1																		
	[B] A firm has 300 accounts which are normally distributed with mean 10000 and standard deviation 1000 i) the number of accounts with amount lying between 8000 and 11000 ii) the number of accounts with 7500 or less		Co 2																		
	[C] $P(A \cup B)=5/6$ $P(A')=1/3$ $P(B)=1/2$ Find $P(B')$, $P(A \cap B)$		Co 3																		

	<p>[D]) If $r_{12}=0.86$ $r_{13}=0.65$ $r_{23}=0.72$ Find the Partial Correlation Coefficient $r_{12.3}$ and Multiple Correlation $R_{1.23}$</p> <p>[E] Given regression equations $3x-y-25=0$ and $2x-3y+30=0$. Find i) mean value of x and y ii) coefficient of correlation</p>		Co 4
			Co 4

Table 1: Area Under Normal Curve

An entry in the table is the proportion under the entire curve which is between $z = 0$ and a positive value of z . Areas for negative values for z are obtained by symmetry.

Areas of a standard normal distribution

z	.0	.01	.02	.03	.04	.05	.06	.07	.08	.09
.0	.0000	.0040	.0080	.0120	.0160	.0199	.0239	.0279	.0319	.0359

Semester (July 2023 to October 2023)			
Examination: End Semester Examination October/November 2023 (UG/PG Programmes)			
Programme Code: Programme: BSC Economics		Class: SY	Semester: III
Name of the Constituent College: SKSC		Name of the Department: Economics	
Course Code: 131U01C301	Name of the Course: Development economics		
Duration: 2 Hrs.	Maximum Marks:60		
Instructions: 1) Draw neat diagrams 2) Assume suitable data if necessary			

Question No.		Max. Marks	Co Attainment
Q.1	A) Give the graphical representation of Amartya Sen's Capability Approach.	(7M)	CO1
	B) Give the HDI of India if, Life expectancy at Birth is 67.2 years, expected year of schooling is 11.9 years, Mean year of schooling is 6.7 years, and GNI Per capita= \$6590 (ppp) [log 100 = 2; log 75000= 4.88; log 6590=3.81]	(8M)	
	OR		
	C) Elaborate on features of underdeveloped nations. D) Explain PQLI as alternative measure of development.	(7M) (8M)	
Q.2	A) Explain Kuznet curve with the necessary graph.	(7M)	CO2
	B) Elaborate on Harris Todaro model with the graphical representation.	(8M)	
	OR		
	C) Distinguish between balanced and unbalanced theories of growth. D) What is multi-dimensional poverty index? Explain in detail.	(7M) (8M)	
Q.3	A) Elaborate on Harrod model with emphasis on knife edge equilibrium.	(7M)	CO3
	B) Explain Domer model in detail.	(8M)	
	OR		
	C) What is O ring theory? Elucidate in detail. D) Critically examine the impact of investment-oriented models on development globally.	(7M) (8M)	
Q.4	Answer any 3 from the following.	(15M)	CO4
	A) Sustainable development goals		
	B) Robinhood index		
	C) China's developmental path		
	D) Gini index		
	E) India's developmental path
