Q1	Answer the following questions: (5 marks each)	15	
	A. Explain whether the series requirement for performance obligation as per Ind AS 115 is applicable to hotel management services where day to day activities vary, involve employee management, procurement, accounting, etc? (5 marks)		CO 1
•	 B. X Ltd is commencing a new construction project, which is to be financed by borrowing. The key dates are as follows: 15th May, 20X1: Loan interest relating to the project starts to be incurred 2nd June, 20X1: Technical site planning commences 19th June, 20X1: Expenditure on the project started to be incurred 18th July, 20X1: Construction work commences Identify the commencement date as per Ind AS 23. 	C. Ganesh Ltd. issues a bond at principal amount of CU2000 per bond. The terms of bond require annual payments in perpetuity at a stated interest rate of 7.5 per cent applied to the principal amount of CU 2000. Assuming 7.5 per cent to be the market rate of interest for the instrument when it was issued, the issuer assumes a contractual obligation to make a stream of future interest payments having a fair value (present value) of CU2000 on initial recognition. Evaluate the financial instrument in the hands of both the holder and the issuer.		CO3
Q2	A. Entity A, a specialty construction firm, enters into a contract with Entity B to design and construct a multi-level shopping centre with a customer car parking facility located	15	CO 1

	in sub-levels underneath the shopping centre. Entity B solicited bids from multiple firms on both phases of the project design and construction. The design and construction of the shopping centre and parking facility involves multiple goods and services from architectural consultation and engineering through procurement and installation of all of the materials. Several of these goods and services could be considered separate performance obligations because Entity A frequently sells the services, such as architectural consulting and engineering services, as well as standalone construction services based on third party design, separately. Entity A may require to continually alter the design of the shopping centre and parking facility during construction as well as continually assess the propriety of the materials initially selected for the project. Determine how many performance obligations does entity A have? (10 marks) B. A gymnasium enters into a contract with a new member to provide access to its gym for a 12-month period at Rs. 4,500 per month. The member can cancel his or her membership without penalty after three months. Specify the contract term as per Ind AS 115. (5 marks)

	C. Entity XYZ entered into a contract to supply 1000 television sets for 2 million. An increase in the cost of inputs has resulted into an increase in the cost of sales to 2.5 million. The penalty for non- performance of the contract is expected to be 0.25 million. Evaluate whether the contract is onerous and also determine the amount of provision to be made in this regard. (7 marks) D. HP Ltd. has 350 employees (same as a year ago). The average staff attrition rates as observed during past 10 years represent 6% per annum. HP provides the following benefits to all its employees: Annual bonus - during past 10 years. HP paid bonus to all employees who were in service during the entire financial year. Bonus was paid in June following the financial year-end. Amount of bonus for 2021-2022 paid in June 2022 represented 1,25,000 per employee. HP Ltd. used to increase amount of bonus based on official inflation rate which is 8.5% for 2022-2023, although there was no legal obligation to increase the bonus by such inflation rate. Determine how HP Ltd. would recognize liabilities and expenses for these employee benefits as on 31st March, 2023. Pass the journal entry to show the accounting treatment. (8 marks)	15	CO 3	
Q3	A. A lessee enters a lease of an excavator and the related accessories (for e.g., excavator attachments) that are used for mining purposes. The lessee is a local mining company that intends to use the excavator at a copper mine. How many lease and non-lease components are there as per Ind AS 116. Further, assume the same facts as provided above, except that the contract also conveys the right to use an additional loading truck. This loading truck could be deployed by the lessee for other uses (for e.g. to transport iron ores at another mine). In this	15	CO ₂
