Semester (July 2023 to October 2023)			
Examination: End Semester Examination October/November 2023 (UG/PG Programmes)			
Programme code: 04		Class: SY	Semester: III
Programme: B. Com (Financial Markets)			
Name of the Constituent College: S. K. Somaiya College		Name of the Department : Accounting & Finance	
Course Code: 131U04C301	Name of the Course: Management Theories and Applications		
Duration : 2 Hrs.	Maximum Marks : 60		
Instructions: 1) Draw neat diagrams 2) Assume suitable data if necessary 3)			

Question No.		Max. Marks	Co Attainment
Q.1 (a)	Discuss the term Management. Explain 6M's of Management at length.	(8)	CO 1 & 2
Q.1 (b)	Outline the main functions of Middle level Management.	(7)	
	<b>OR</b>		
Q.1 (c)	Enumerate the term Scientific management. Explain the techniques of scientific management in detail.	(8)	
Q.1 (d)	Trace the Evolution of Management thoughts.	(7)	CO 2 & 3
Q.2 (a)	Discuss Graicuna's Theory relating to span of control with example.	(8)	
Q.2 (b)	Describe the Factors influencing span of management in detail.	(7)	
	<b>OR</b>		
Q.2 (c)	Elaborate the steps in Planning Process.	(8)	CO 3 & 4
Q.2 (d)	List the importance of decision making in Management.	(7)	
Q.3 (a)	Evaluate the Arguments for and against Conflict between Line and Staff Organization.	(15)	
	<b>OR</b>		
Q.3 (b)	Discuss the term Organization Structure. Explain the factors determining Organization Structure.	(8)	CO 4
Q.3 (c)	Describe the term Organizing. Explain the Need for and Importance of Organizing.	(7)	
Q.4 (a)	Suppose Mr. Aryan is the finance manager of the organization & is supposed to provide the financial statements of the company, what type of financial statements he must provide and what types of financial reporting he must do, explain in detail.	(15)	
	<b>OR</b>		
Q.4 (b)	Pankaj Tours and Travels is comfortably placed in the business. Mr. Chaturvedi is CEO of the organization. He is a workaholic. With his long tenure in the service business and rich experience to support, he attends to every aspect of the business personally. The staff feels a little let down because they are not given freedom to take decisions. Even on routine matters, they feel uncomfortable taking the decisions. At times, Chaturvedi overrules their decisions and settles for a new one. This has resulted in frustration and depression and the staff is working only machine-like. Chaturvedi is not conscious of the low morale of the staff. As impartial observers, senior staff feel the organization needs correction.	(15)	

Questions:

- (1) How serious is the situation in Raj and Raj Tours and Travels?
- (2) Highlight the importance of delegation of authority.
- (3) What suggestions would you offer to improve the workings in the organization?

Semester (July 2023 to October 2023)		
Examination: End Semester Examination October/November 2023 (UG/PG Programmes)		
Programme code: 04	Class: SY	Semester: III
Programme: B. Com (Financial Markets)		
Name of the Constituent College: S. K. Somaiya College	Name of the Department : Accounting & Finance

Duration : 2 Hrs.	Maximum Marks : 60	
Instructions: 1)Draw neat diagrams 2)Assume suitable data if necessary 3)		

Question No.		Max. Marks	Co Attainment
Q.1 (a)	Describe the relevance of Henri Fayol's in today's business.	(8)	CO 1 & 2
Q.1 (b)	State the criticisms against scientific management.	(7)	
<b>OR</b>			
Q.1 (c)	Apply Contingency approach & its contributions to management.	(8)	
Q.1 (d)	Elaborate the Objectives of Planning in detail.	(7)	CO 2 & 3
Q.2 (a)	Discuss how to make an effective Planning.	(8)	
Q.2 (b)	Extend your opinion on Decision Making.	(7)	
<b>OR</b>			
Q.2 (c)	Compare Centralization & Decentralization.	(8)	CO 3 & 4
Q.2 (d)	Discuss Standing Plans & Single use Plans in detail.	(7)	
Q.3 (a)	No single organization structure can suit all situations. Considering this statement discuss the forms of organizational structure with appropriate examples.	(15)	
<b>OR</b>			
Q.3 (b)	Elaborate Virtual Organization with example in detail.	(8)	CO 3 & 4
Q.3 (c)	Enumerate the Challenges faced by Modern Organizations.	(7)	
Q.4 (a)	In the early 20th century, a French industrialist Henri Fayol stated that management had five main functions viz. Planning, organizing, commanding leading), coordinating and controlling. Since then, several debates have taken place but broadly everyone agrees that what Henri Fayol stated stands valid even now. Bengal Steels located at Durgapur is considered a progressive business organization. It holds conferences and workshops at regular intervals where executives are allowed to express their viewpoints on academic and business matters. In one such conferences executives had a brainstorming session about the functions of management. Mr. Vikas Pandey, HR manager asserted that the true function of management is to take care of the needs of the staff and allow the staff to take care of the goals of the organization. Some agreed while some others disagreed. Mr. Ramesh Nair, the marketing manager stated that the real function of management is to take care of the market and staff must work within the broad policies of the organization. In this regard, the staff will not get any option.	(5)	
	(1) Which of these views is correct and why? (2) Can you think of any other opinion about functions of management?		

Q.4 (b)	Suppose Ms. Mansi is a strategist of WPT Organization and she's focusing currently on cutting down her firm's expenses. Discuss, when does a company decide to contract or shut down a business or Discontinue of a Product line.	(5)	
Q.4 (c)	<p>Mrunal Shah hailed from a middle-class family. She is intelligent and hard working. From her school days she harbored the thought of making a career in the corporate world. Her father Sunil shah worked as a senior clerk in a private firm and her mother is a schoolteacher. Being the only child, she did not face any constraints of resources. This is her final year B. com. She has joined a reputable coaching Centre for four papers in Accountancy. She wants to score distinction. Simultaneously she is preparing for the entrance exam to be admitted to an MBA. She knows it is a difficult target but not impossible. She keeps telling herself "If others can do it, why not me?"</p> <p>Questions:</p> <p>(1) Identify the problems faced by Mrunal Shah?</p> <p>(2) How should she plan to excel in her examination and achieve her goal in life?</p>	(5)

Duration : 2 Hrs.	Instructions: 1)Draw neat diagrams 2)Assume suitable data if necessary 3) Use of Simple Calculators is allowed.	

Question No.	Solve:	Max. Marks	Co Attainment																	
Q.1	<p>a. (i) Average yield of a certain crop was found to be 20.5 kgs. per plot with standard deviation of 3.2kgs. Assuming normal distribution of yield, find how many plots out of 2000 will have yield of 23.7 kgs or more. (04)</p> <p>(ii) For a normal distribution in which <math>N=100</math>, Arithmetic Mean=680 and standard deviation = 70, find the first quartile, third quartile, interquartile range, and mode. (04)</p>	(15)	II																	
	<p>b. It is observed that 30% of the students appearing for a certain entrance test are science graduates. If 5 students are randomly selected from this group, what is the probability that among them (i) two are science graduates (ii) no one is science graduate (iii) at least two are science graduates. (Assume binomial distribution) (07)</p> <p style="text-align: center;"><u>OR</u></p> <p>c. Calculate 3-yearly, 4-yearly, and 5-yearly moving averages for the following time series giving the number of units produced (in thousand) in a factory during 1997-2004.</p> <table border="1"><tr><td>Year</td><td>1997</td><td>1998</td><td>1999</td><td>2000</td><td>2001</td><td>2002</td><td>2003</td><td>2004</td></tr><tr><td>No. of units</td><td>243</td><td>251</td><td>254</td><td>256</td><td>256</td><td>245</td><td>250</td><td>254</td></tr></table> <p style="text-align: right;">(10)</p> <p>d. A random variable X follows Poisson distribution with mean 2, find the probability that (i) <math>X = 2</math> (ii) <math>X \geq 2</math>. (<math>e^{-2} = 0.1353</math>) (05)</p>	Year	1997	1998	1999	2000	2001	2002	2003	2004	No. of units	243	251	254	256	256	245	250	254	(15)
Year	1997	1998	1999	2000	2001	2002	2003	2004												
No. of units	243	251	254	256	256	245	250	254												
Q.2	<p>a. A researcher wishes to see if the average number of sick days a worker takes per year is greater than 5. A random sample of 26 workers at a large department store had a mean of 5.2. The standard deviation of the population is 1.3. Is there enough evidence to support the</p>	(15)	III																	

researcher's claim? Assume that the variable is normally distributed. Use 1% LOS.

- (i) State the hypothesis. (02)
- (ii) State the test selected. (02)
- (iii) Justify your selection of test and critical region. (04)
- (iv) Compute the test statistic. (04)
- (v) State the statistical and business conclusion. (03)

**OR**

- b. A certain drug is claimed to be effective in curing cold. In an experiment on 164 people with cold, half of them were given the drug and half of them given sugar pills. The patient's reactions to the treatment are recorded in the following table. Test the hypothesis, using chi square at 5% significance level, that the drug is no better than sugar pills for curing colds.

	Helped	Harmed	No effect
Drug	52	10	20
Sugar pills	44	12	26

(08)

- c. A manufacturer claimed that at least 95% of the equipment which he supplied to a factory conformed to specifications. An examination of a sample of 200 pieces of equipment revealed that 18 were faulty. Use proportion to test his claim at a significance level of 0.05. (07)

(15)

III

III

**Q.3**

- a. Calculate the rank correlation coefficient for the following data giving working capital in lakhs of Rs (x) and profit in thousands of Rs. (y) of ten companies for the year 1990-1991.

X	15	32	25	30	35	20	19	22	27	31
Y	50	70	65	72	90	58	53	57	68	74

(08)

- b. For a bivariate distribution, the following results are obtained:

Mean value of  $x = 65$ ,  
Mean value of  $y = 53$   
Standard deviation of  $x = 4.7$ ,  
Standard deviation of  $y = 5.2$   
Correlation coefficient,  $r = 0.78$   
Find the two regression equations.

(07)

**OR**

- c. Fit a regression line for the following data:

Y	2	4	6	8
X1	7	8	4	2
X2	1	2	3	4

(15)

IV

IV

	d. The regression equation of y on x is $2x - 3y + 14 = 0$ and that of x on y is $3x - y - 42 = 0$ . Find the correlation coefficient using regression coefficients.	(08) (07)	
Q.4	<b>Answer the following:</b> a. Discuss merits and demerits of secondary data. b. Explain the terms population and sample in research fields. c. State the guidelines to prepare a good questionnaire. d. Explain measurement and scaling with suitable examples. e. Differentiate between nominal and ordinal scale.	(15)	I

Q.1	<p>A. Discuss principles of Corporate Finance in detail.</p> <p>B. Elaborate the areas covered in Corporate Finance.</p> <p style="text-align: center;"><b>OR</b></p> <p>C. Sevanti Ltd has the following Capital structure:</p> <table border="1"><thead><tr><th>Capital</th><th>Rs.</th></tr></thead><tbody><tr><td>Equity shares of Rs.20 each</td><td>20,00,000</td></tr><tr><td>6% Preference shares of Rs. 10 each</td><td>5,00,000</td></tr><tr><td>8% Debentures Rs. 100 each</td><td>15,00,000</td></tr></tbody></table> <p>It proposes to borrow Rs.10,00,000 with interest The dividend on equity shares will increase from Rs.2 to Rs.3 per share.</p> <p>You are required to ascertain, the</p> <p>a. Present weighted average cost of Capital</p> <p>b. consequent weighted average cost of capital to proposed borrowings.</p>	Capital	Rs.	Equity shares of Rs.20 each	20,00,000	6% Preference shares of Rs. 10 each	5,00,000	8% Debentures Rs. 100 each	15,00,000	8 7  15	CO1 and CO2
Capital	Rs.										
Equity shares of Rs.20 each	20,00,000										
6% Preference shares of Rs. 10 each	5,00,000										
8% Debentures Rs. 100 each	15,00,000										
Q.2	<p>A. XYZ company has an equity share capital of Rs. 25 lakhs, consisting of 25,000 shares of Rs. 100 each. The management is planning to raise another Rs. 20 lakhs to finance a major programme of expansion through one of four possible financing plans. The plans are :</p> <p>1. Entirely through equity shares.</p> <p>2. Rs. 10 lakhs through equity shares and Rs. 10 lakhs through long-term borrowing at 8 percent interest per annum.</p> <p>3. Rs. 5 lakhs through equity shares and Rs. 15 lakhs through long- term borrowing at 9 percent interest per annum.</p> <p>The company expected earnings before interest and tax (EBIT) will be Rs. 8 lakhs. Assuming a corporate tax rate of 50%. Determine the Earning per Share (EPS) in each alternative and comment which one is the best alternative.</p> <p style="text-align: center;"><b>OR</b></p> <p>B. You are furnished with the following information:</p>	15   									

Selling price per unit	Rs. 20
Variable price per unit	Rs. 10
Fixed cost for a period	Rs. 5000
Actual units sold	750 units.

Determine:

1. P/V ratio
2. Break- Even Point
3. Margin of safety sales are 1000 units and in rupees.
4. Profit, if sales are Rs. 1,000 units.
5. Sales , if profit is Rs. 15,000.

Q.3

A. Firm has sales of Rs. 75,00,000, Variable cost of Rs.42,00,000 and Fixed cost of Rs. 6,00,000. It has Debt of Rs. 55,00,000.

- a. What is a firm's Return on investment?
- b. Does it have a favourable financial leverage?
- c. If the firm belongs to an industry whose assets turnover is 3 , does it have high or low assets leverage ?
- d. What are the operating Financial and combined leverage ?
- e. If sales drop to 50,00,000 what will be the new EBIT ?

OR

B. A choice is to be made between two competing projects which require equal investments of Rs. 50,000 and are expected to generate net **cash flows** as under:

Particulars	Project 1 (Rs)	Project 2 (Rs)
1	25,000	10,000
2	15,000	12,000
3	10,000	18,000
4	0	25,000
5	12,000	8,000
6	6,000	4,000
Tax rate	50%	40%

Calculate :

1. Payback period
2. ARR (Original and Average)
3. Pay Back Profitability

Q.4

Answer the following (3 marks each)

A. From the following calculate NPV @ 10% discount rate.

Year	Cash Inflow (Rs)	PV factor @10%
------	------------------	----------------

15

CO3 and CO4

15

15

CO1, CO2, CO3, CO4

1	35,000	0.91
2	80,000	0.83
3	90,000	0.75
4	75,000	0.68
5	20,000	0.62
Cash Out flow	2,00,000	

B. Calculate Profit from the following data:

Particulars	Per unit Variable Cost (Rs)	Fixed Cost (Rs)
Direct Material	3.00	-
Direct Labour	3.00	-
Direct Overhead	2.00	50,000
Selling Expenses	2.00	20,000
Administrative Overhead	2.00	10,000
Sales Rs. 12,500 units @ Rs. 20.00 per unit.		

C. Calculate Financial Break Even Point for the following :

	Plan A	Plan B	Plan C
Interest	Nil	8,000	Nil
Tax	50%	50%	50%
Preference Dividend	Nil	Nil	8,000

D. A company issues a 20% Debentures of Rs.100 each at 10% premium, redeemable after 5 years at par . The company's tax rate is 30%. Determine cost of debt.

E. Y Ltd has sales of Rs. 2,00,000. Variable cost is 50% of sales while the fixed operating cost amounts to Rs.60,000. Interest on long term loan is amounted to Rs.20,000.  
**You are requires to calculate the composite leverage and analyze the impact if sales increases by 10%.**

<b>Semester (July 2023 to October 2023)</b>		
<b>Examination: End Semester Examination October/November 2023 (UG/PG Programmes)</b>		
<b>Programme code: 04</b> <b>Programme: B.Com (Financial Markets)</b>	<b>Class: SY</b>	<b>Semester: III</b>
<b>Name of the Constituent College:</b> S K Somaiya College	<b>Name of the Department</b> Accounting and Finance	
<b>Course Code: 131U04V303</b>	<b>Name of the Course: Corporate Finance</b>	
<b>Duration : 2 Hrs.</b>	<b>Maximum Marks : 60</b>	
<b>Instructions: 1) Draw neat diagrams 2) Assume suitable data if necessary 3)</b>		

Question No.		Max. Marks	Co Attainment								
Q.1	<p>A. Explain the main features of Corporate Finance in detail .</p> <p>B. Elaborate the reasons why Corporate Finance is essential ?</p> <p style="text-align: center;"><b>OR</b></p> <p>C. A capital structure of H ltd as on 31st December 2022 is as follows:</p> <table border="1"><thead><tr><th>Capital</th><th>Rs.</th></tr></thead><tbody><tr><td>Equity shares of Rs.10 each</td><td>1,00,00,000</td></tr><tr><td>7.5% Preference shares</td><td>20,00,000</td></tr><tr><td>14% Debentures of Rs 100 each</td><td>30,00,000</td></tr></tbody></table> <p>For the year ended 31st December 2022 ; the company has paid an equity dividend at Rs. 4 per share. As the company is a market leader with a good future dividend is likely to grow by 5% every year. The equity shares are traded Rs.80 per share in the stock exchange .</p> <p>Income tax applicable to the company is 40%.</p> <p><b>You are required to calculate</b></p> <p>a. The current weighted average cost of capital .</p> <p>b. The company has plans to raise a further Rs.50,00,000 by way of long term loan @15% interest. When this takes place , the market value of equity shares is expected to fall to Rs. 50 per share while dividend rises to Rs.5 per share. What will be the new weighted average cost of capital of the company ?</p>	Capital	Rs.	Equity shares of Rs.10 each	1,00,00,000	7.5% Preference shares	20,00,000	14% Debentures of Rs 100 each	30,00,000	8 7  15	CO1 and CO2
Capital	Rs.										
Equity shares of Rs.10 each	1,00,00,000										
7.5% Preference shares	20,00,000										
14% Debentures of Rs 100 each	30,00,000										

Q.2

A. A company's capital structure consists of the following:

15

CO2  
CO3

and

Particulars	Rs.
Equity shares of Rs. 100 each	20 Lakhs
Retained Earnings	10 Lakhs
9% Preference Share	12 Lakhs
7% Debentures	8 Lakhs
<b>Total</b>	<b>50 Lakhs</b>

The company earns 12% on capital. The income tax rate is 50%. The company requires a sum of Rs. 25 lakhs to finance expansion programme for which following alternatives are available to it.

1. Issue of 20,000 equity shares at a premium of Rs. 25 per share.
2. Issue of 10% preference shares.
3. Issue of 8% Debenture.

Which of the three financing alternatives would you recommend and why?

**OR**

B. Ajay Ltd. summarized performance was declared as ( Rs. Lakhs)

15

Particulars	2022	2023
Sales	22,23,000	24,51,000
Profit	2,39,400	3,07,800

Calculate for 2022 and 2023:

1. P/V ratio
2. Fixed Cost
3. Fixed Cost to Sales
4. BEP
5. MOS

Q.3

A. The selected financial data for A, B, and C companies for the year ended 31st March 2021 were as follows:

15

CO3 and CO4

	A	B	C
Variable cost as % to sales	66 $\frac{2}{3}$ %	75%	50%
Interest Expenses	Rs.200	Rs.300	Rs.1,000
Degree of operating Leverage	5	6	2
Degree of Financial leverage	3	4	2

Income tax Rate	40%	40%	40%
-----------------	-----	-----	-----

**Prepare the income statement for each of the three companies.**

**OR**

B. A company can make either of two investments. Assuming a required rate of return of 10% , determine for each project.

1. Payback period
2. Discounted Payback period
3. NPV at 10%.
4. Profitability Index

Calculate straight line method depreciation

	P	Q
Cost of Investment	2,00,000	2,80,000
Life of machine	5 years	5 years

**Income (after depreciation , interest and taxes)**

Year	Rs.	Rs.
1	10,000	24,000
2	10,000	24,000
3	20,000	24,000
4	20,000	24,000
5	20,000	24,000

PV factor 10%	0.909	0.826	0.751	0.683	0.621
Year	1	2	3	4	5

15

Q.4

Answer the following (3 marks each)

A. Calculate ARR(Original and Average) from the following data:

Average Annual Net profit before tax	Rs. 20,000
Tax rate	35%
Machine cost	2,00,000

B. From the following data find out current profit.

15

CO1,CO2,C  
O3,CO4

Total number of units manufactured and sold	800
Variable cost per unit	Rs. 20
Total fixed cost	Rs. 1,000
Selling price per unit	Rs. 120

- C. Prepare Capital Structure for the following.  
The company wishes to raise fund of Rs. 50 lakhs and has following options:
1. Issue new 10% debentures and 15% preference shares in equal proportion.
  2. Issue of 10% preference shares to the extent of 25%, balance by way of 15% debentures.
  3. Issue fully new debentures, carrying 14% interest rate.
- D. A company issues irredeemable debentures of Rs100 each. The tax rate applicable to the company is 40%. calculate the cost of Debt if the debentures are
- a. issued at par
  - b. issued at 10% premium
  - c. issued at 10% discount.
- E. From the following information, Calculate the earnings before interest and tax, EPS, the operating leverage and financial leverage.
- |                         |                  |
|-------------------------|------------------|
| Sales                   | Units 20,000     |
| Selling Price           | Rs15 per unit    |
| Variable cost           | Rs. 10 per unit. |
| Fixed cost              | Rs 30,000        |
| Interest                | Rs.15,000        |
| Tax                     | 40%              |
| Number of Equity shares | 5,000 .          |
