Course Code:	Name of the Course: Equity Market		
Duration : 2 Hr.	Maximum Marks : 60		
Instructions: 1) Question 1 is compulsory			
2) All questions carry equal marks			

Question No.		Max. Marks	CO
Q1	Read the given case study and answer the questions given below: In recent years, India has witnessed a significant transformation in its equity market landscape. With the rise of fintech platforms and mobile-based trading applications, retail participation has increased substantially. During and after the pandemic, low bank interest rates and increased savings led many individuals—especially young investors—to enter the stock market. The process of opening Demat and trading accounts became seamless through digital KYC norms. However, this surge also brought challenges. Many investors lacked proper financial literacy and relied heavily on social media tips, leading to speculative trading behavior. Instances of market volatility exposed the risks associated with uninformed investment decisions. In response, regulatory bodies introduced stricter compliance norms, enhanced disclosure requirements, and investor awareness initiatives to protect market participants and ensure transparency.		CO 1,2,3,4
(a)	Discuss the structure of the Indian equity market and the role of regulatory authorities in ensuring its smooth functioning.	5	
(b)	With relation to latest developments in the Indian Equity Markets, highlight the role of demat accounts and ASBA.	5	
(c)	Analyze the role of clearing corporations in facilitating efficient trading and investor protection.	5	
Q 2 (a)	A small investor is considering investing in an SME IPO with limited financial disclosures but high growth potential. Evaluate the risks and returns of SME IPOs and propose an investment decision framework.	7	CO 1
Q 2 (b)	Analyze the differences between primary and secondary markets in terms of functions, participants, and instruments.	8	CO 1
	OR		

Q 2 (c)	Assuming you are the lead manager of a company planning to raise capital from the primary market, how would you advise the firm on the available methods of raising funds through the various types of IPOs. Further, outline the complete IPO process.	15	CO 2
Q 3 (a)	An investor buys shares on Monday and receives them in his Demat account on Tuesday (T+1 cycle). Explain the process of trading, clearing, and settlement in this transaction and analyze their interrelationship	7	CO 3
Q 3 (b)	An older investor recalls trading through open outcry systems, while today's investors trade online via platforms like National Stock Exchange of India and Bombay Stock Exchange. Analyze the evolution and growth of stock exchanges in India and its impact on market efficiency.	8	CO 3
	OR		
Q3 (c)	Analyze the features of international exchanges in India and evaluate their role in attracting global investors.	7	CO 3
Q3 (d)	A trader uses intraday trading for quick profits, margin trading for leverage, and delivery trading for long-term investment. Analyze these trading types in terms of risk, return, and suitability for different investors.	8	CO 3
Q 4 (a)	A financial services firm plans to integrate high frequency trading into its operations. As a consultant, outline how this system will function, their key advantages, associated risks, and features.	7	CO 4
Q 4 (b)	As a financial technology analyst, give an overview of algorithmic trading in modern financial markets in India. Also, explain the implementation, features and its benefits.	8	CO 4
	OR		
Q 4 (c)	Discuss the environmental, social, and governance dimensions of ESG in detail, its benefits and a comprehensive overview of its development in India.	15	CO 4

Question No.		Max. Marks	CO
Q1	Shlok, Zaheer & Yana agree to run a textile business together. Shlok and Zaheer invest capital, while Yana contributes skill and management expertise. It is agreed that Yana will not receive any fixed monthly remuneration but will receive 20% of the profits. The business is carried on jointly and decisions are taken collectively. Analyse whether Yana can be considered a partner in the firm, even though she does not get monthly remuneration, also discuss the other essential elements of partnership under Indian Partnership Act 1932.	15	CO2
Q 2	Swapnil, without any request helped Harshita during a financial crisis by paying off her urgent business debts. Later, Harshita promised to compensate Swapnil for his past assistance. However, after her business stabilized, she refused to pay, arguing that there was no consideration at the time of the act. Swapnil claims that his past voluntary service forms valid consideration under the law. Evaluate whether Harshita is legally bound to compensate Swapnil under the provisions of Indian Contract Act 1872, in the light of 'No consideration no contract' and its exceptions.	15	CO1
	OR A Write a brief note on 'Free Consent'	8	CO1
	B Explain 'Time is an essence of contract' with relevant provisions	7	CO1
Q 3	Vidhi and Chinmay are partners in a consultancy firm, admitted Ansh a 16 years old boy to the benefits of partnership with the consent of all partners. Ansh was entitled to share in the profits but was not made liable for any losses and creditors sought to hold Ansh personally liable. Examine whether Ansh can be held personally liable for the losses of the firm, considering the provisions relating to positions of minor in partnership.	15	CO2
	OR A Discuss the liabilities of 'Incoming Partner'	8	CO2
	B Distinguish between partnership firm and company	7	CO2

Q 4	Rashi purchased a laptop from Aarav, a leader relying on his assurance that it was suitable for high-end professional work. However after purchase the laptop failed to perform as required for such purposes. Rashi had informed Aarav about her specific requirement before buying. She later claimed that the doctrine of caveat emptor does not apply in her case. Discuss whether Rashi can hold Aarav liable, considering the rule of caveat emptor and its exceptions under sale of goods act 1930 OR A Enumerate the rules of delivery of goods B Distinguish between sale and agreement to sell	15	CO3
